

WELCOME

TO CUCUMBER DESIGN

WHO ARE

CUCUMBER DESIGN?

Cucumber Design is a co-operative creative agency set up here in Dubai to connect you with the right creatives for the right work.

This places us perfectly to spread and share our creative work around therefore giving you the best of both worlds. A mixture of real talent ready to be called upon when the occasion arises.

As well as guiding you towards the best possible creative ideas, we can project manage your jobs from initial sketches to final print or digital, making your work with us as smooth and easy as can be with impressive turnaround times.

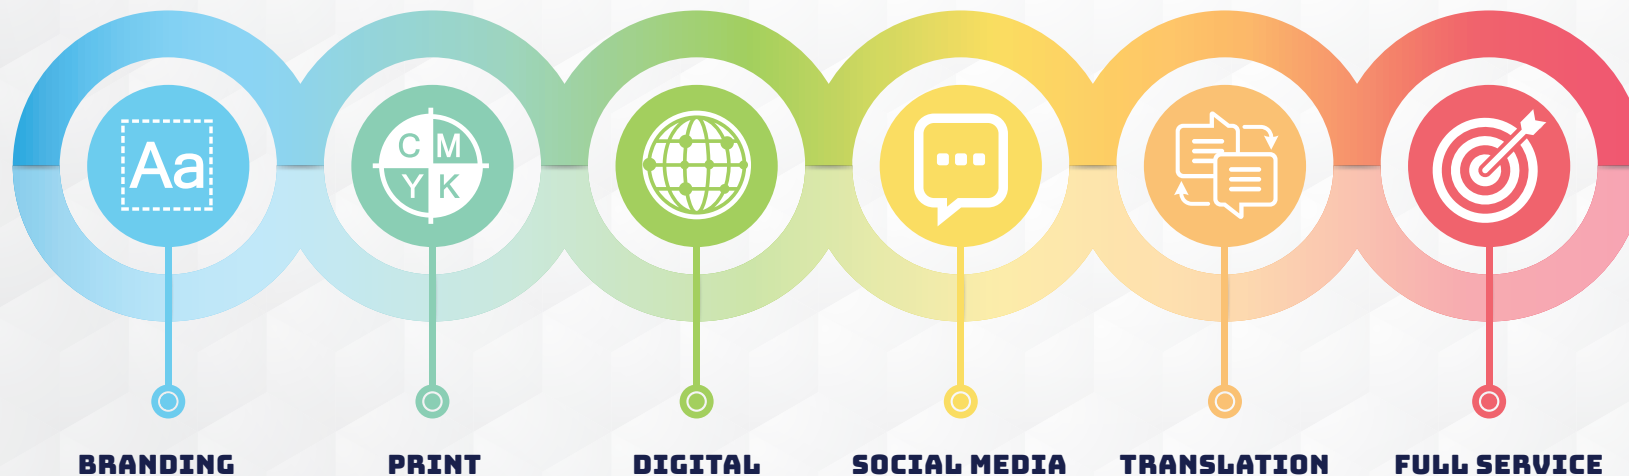

WHAT WE CAN OFFER

With our contacts and collective we have designers, artworkers, art directors and creative directors ready to be brought in if and when needed. We deal directly with talented translators, web designers and digital designers and we have excellent relationships with some of the best digital and litho printers in the city.

Need a hand with your social media? We can help and advise on that also, sometimes you just need a professional touch to make all the difference.

We are happy to take on small jobs but we can handle large scale also, and by keeping the team minimal but able to reach out whenever necessary we feel we give you quality work with a decent price to match.

SOME OF OUR WORK

For a full and latest portfolio click on:
<https://we.tl/OuzWsCNEXk>

Award booklet for House of Comms for the Mepra awards event.

A full branding visual style guide created for QWERTY bar.

Al-Futtaim's monthly newsletter Shoptalk that goes out to over 8,000 staff members.

AND A BIT MORE...

A whole new sports magazine designed from scratch by Cucumber Design.

English / Arabic / Russian Code of Conduct booklets and posters.

THANK YOU
